Index to Mechanical Engineering

Volume 44, January to December, 1922

D. denotes discussion; C. correspondence

A

Absorption, low-pressure, plant ... 840
Accumulator, steam, Ruths ... 323
Accuracy of boiler tests ... 427, 612 (C), 673 (C)
discussion on ... 430
Acetylene torch, cutting metal under water by ... 266
Acid-resisting metals and alloys ... 579
Ackland, Frank B. ... 136
Aczol, a wood preservative ... 712
Adams, C. A. Engineering education (D) ... 42
Adams, Earle E. Gas-producer problems (D) ... 118
Adams stepped-piston solid-injection engine ... 838
Adamson, Daniel ... 192
The word "symposium" misused ... 338
Adsit, Chas. G. Power development in the Southeast ... 291
Aero engines, Bristol gas starter for ... 119
engines, starting them at low temperatures, note on ... 60
See also Engines.
Aerofoils, slotted, flow tests on ... 597
Aeronautic session at 1921 Annual Meeting, note on ... 20
Aeroplane design, the treasure house of, in McCook Field ... 619
A.E.S.C., American Railway Association and Steel Manufacturers join the ... 209
After-burning in a gas-engine cylinder ... 386
Air, compressed, handling material by ... 191
compressed-, leaks, locating, geophone ... 741
See also Compressor.
cooling plant ... 832
filter, Visco ... 537
flow of ... 119
lines and some of their problems ... 107
preheater, Ljungström, for boiler furnaces ... 664
preheating, by flue gases ... 56
refrigerating machines ... 731
spraying the fuel ... 661
specific heat of ... 326
transportation, commercial, heralded at Detroit Congress ... 861
velocities, measurement of ... 59
Air Force, British Royal, recognition of independent status of ... 336
Aircraft propeller, variable-pitch ... 575
versus dreadnaughts ... 55
Airplane crashes in U. S. Army ... 832
duralumin ... 190
rib forms, the strength of ... 110
Zeppelin-Dornier ... 832
Airplanes, commercial operation of ... 33
influence of design on the cost of operating ... 821
Airship, gear-driven, Goodyear ... 260
Airspray ... 661
Alcohol and gasoline, burning mixtures of ... 264
Aldrich, W. S. Boiler and furnace economy (D) ... 113
Boiler plant efficiency (D) ... 112
Aldrin, E. E. Commercial flying (D) ... 111
Alexander, M. W. Engineering education (D) ... 7
Alford, L. P. Ten years' progress in management ... 699
Allen, T. G. ... 601
Alloy, Diamond ... 664
Lecfurite ... 660
Y (aluminum-copper-nickel-magnesium) ... 452
cobalt-tungsten ... 452
high-temperature-resisting ... 734
See also names of Metals.
Alloys and metals, acid-resisting ... 579
Aluminum-copper-nickel-magnesium—Y alloy ... 452
American Construction Council organizes ... 547
American Engineering Council, Herbert Hoover addresses at first annual meeting ... 206
American Hardwood Manufacturers Association ... 127
American Sugar Refining Co. at Baltimore, Maryland, boiler house of the ... 509
Ammonia ... 537
compression, compound ... 535
Anderson, Dean. Research (D) ... 117
Anderson, H. N. ... 458
Anderson, John. Power waste (D) ... 26
Andrews, B. R. Economy in textile drying ... 182
Anemometers ... 59
Anthracite briquetting in Canada ... 319
Anti-knock compound, tellurium as ... 736
Arizona, powdered coal in ... 122
Armour Institute of Technology to have Howard M. Raymond for president ... 471
Army, U. S., airplane crashes in ... 832
Arrowsmith, G. ... 124
Ashe, Sidney W. Engineering education (D) ... 42
Ash-fusion gas producer ... 600
A.S.M.E. Annual Meeting, 1921, account of ... 11
Aeronautic session ... 21
Forest products session ... 18
Fuel session ... 18
Gas power session ... 17
Machine-shop waste session ... 15
Management session ... 17
Materials handling and elimination of waste ... 18
Motion pictures of combustion ... 20
Motion pictures of handling materials ... 20
Ordnance session ... 21
Power session ... 14
President's address and honorary membership award to H. R. Towne ... 11
Professional engineering education for the industries ... 20
Public hearing on proposed code for unfired pressure vessels ... 14
Railway session ... 17
Research conference ... 19
Second general session ... 20
Stresses in flat cylinder heads ... 20
Students' session ... 19
Textile waste session ... 21
Waste in industry, opening session of ... 12
A.S.M.E. announces plans for 1922 ... 133
announces Spring Meeting plans ... 133
A.S.M.E. Boiler Code, 1922, second revision of ... 850
Boiler Code, revision of heating boiler section of ... 752
Boiler Code in Hawaiian Islands ... 758
A.S.M.E., S.P.E.E. joins with, at Annual Meeting to consider engineering education ... 1
A.S.M.E. Spring Meeting, Atlanta, Ga., sessions at ... 464
First General session ... 465
Fuel session ... 465
Management session ... 468
Materials-Handling session ... 464
Papers elicit valuable discussion ... 403
Power session ... 468
Second General session ... 467
Symposium on welding ... 469, 521
Textile-Machinery sessions ... 464
A.T.G. metal ... 734
Atlanta papers elicit valuable discussions ... 403
sessions, interesting discussion at ... 465
Aulich, W. M. A discussion of draft-tube designs (C) ... 400
Autogenous welding and the unfired pressure vessel code ... 205
Automobile, British, mechanical features of ... 56
chemically controlled ... 193
Rickenbacker-six ... 197
Autopitch gear ... 602
Automotive-engine crankcase oils ... 770
Automotive Engineers, Society of, annual meeting, semi-annual meeting of ... 548
Avogadro ... 190
Ayres, H. E. ... 57

B

Bacillus fibrogenes Branco ... 669
Bacon and Hamor ... 266
Baffle bridge, Gallagher-Crompton ... 266
Bailey, A. D. Boiler and furnace economy (D) ... 112
Balance of reciprocating masses ... 125
rotative ... 840
Bane, Maj. T. H. ... 190
Banfield, F. E. Modern shop practice in the building of revolving flat cards ... 301
Bar mills for alloy steel ... 58
Bars, torsional strength of ... 740, 843
wrought-iron, power required to roll ... 457
Barrett, L. L. Heat losses from bare and covered wrought-iron pipe (D) ... 435
Basford, G. M. Unique opportunity of railroad professional division ... 65
Bassett process of manufacture of steel ... 266
Bates, D. M. Textile waste (D) ... 184
Bates, Lindon W. ... 661
Baxter, W. M. The mechanical refrigeration of railroad cars ... 570
Bean, W. L. ... 605
Avoidable waste in locomotive operation (D) ... 97
Bearing materials, white-metal and brass ... 599
roller, for railway rolling stock ... 665
Beers, R. L. Fuel saving (D) ... 118
Belgium, progress of standardization in ... 476
Bell, Alexander Graham, father of the 'phone, dies ... 618
Bell, F. H. ... 660
Bell, John E. Accuracy of boiler tests (D) ... 430
Belt drives, steel, pulley design for ... 531
steel ... 124
Belting, Cornell tests ... 195
Bentonite ... 192
Benzol and gasoline as fuels ... 836
Berliner helicopter, photograph of ... 575
Berry, C. H. Boiler-plant efficiency (D) ... 112
Berry, C. H. and Hirshfeld, C. F. Size standardization by preferred numbers ... 791
Berry, Harold and Moreton, F. E. Heat balance of the Connors Creek plant of the ... 22
Bessemer converter, side-blown ... 122
Best, William Newton, dies ... 339
Bigelow, Charles H. Textile wastes (D) ... 184
Bignan engine with positive valve control ... 838
Bingham, Eugene C. ... 121
Binns, A. W. ... 126
Bird, George. Tests on welded cylinders (D) ... 524
Bituminous coal, burning on stokers ... 373
Black, Archibald. Influence of design on cost of operating airplanes ... 821
Blades, low-pressure-turbine, failures in destroyers ... 126
segmeats, turbine, "end-tightened" ... 449
Blast-furnace gas, clean, the value of ... 305
Bleaching, note on ... 384
Bloom shear, hydroelectric ... 606
Blossom, Francis. Making a start in Government reorganization ... 471
Blowers and compressors, power test code on ... 45
propeller ... 51
Blowpipe for under water working ... 266
Boiler and furnace economy by D. S. Jacobus, a correction to paper on ... 69
automotive, Winslow ... 742
Code, 1922 second revision ... 460
Code Committee, work of the A.S.M.E. ... 63, 130, 268, 329, 397, 460, 544, 610, 675, 743, 856
distilling tar from coal while burning under ... 533
explosions, Manchester Steam Users' Association for the Prevention of ... 598
feedwater, the degasification of ... 648
fired with pulverized coal ... 266
furnace, advantage of nitrogen in the (C) ... 202
